CEE Road Safety Roundtable

Brno, 17. – 18. October 2013

Conclusions

Participants of CEE Road Safety Roundtable stated that the CEE Road Safety Roundtables present efficient tool for networking road safety experts within the CEE countries, and agreed

- to continue organising such type of event annually;
- to strengthen the cooperation by joining their expertise within the oncoming EU Programme HORIZON 2020 and to develop joint proposals linked with the European research associations (ECTRI, FERSI, FEHRL, HUMANIST);
- to express their interest in topic's proposals of the 1st call of HORIZON. This action will be coordinated by CDV;
- to elaborate joint proposals for Visegrad fund programme regarding following topics: MAIS3+, Road Safety Impact Assessment, financing road safety activities and best practices in road safety campaigns. This action will be coordinated by KTI and Premium Relations.

Prepared by Josef Mikulík (josef.mikulik@cdv.cz) and approved by participants CEE Road Safety Roundtable in Brno, 18th of October, 2013
